

Disability Advocacy Workshop

October 26, 2013

9:00 am – 2:30 pm

Idaho State University, Salmon River Suite

921 S 8th Avenue, Pocatello

Workshops that educate and empower!

The Consortium for Idahoans with Disabilities (CID) is ***looking ahead*** to a future when people with disabilities and low income families in Idaho can get the help they need from Medicaid programs to live healthy, independent lives in the community.

CID is ***moving forward*** with plans to redesign Medicaid services in a way that promotes personal responsibility and increases community participation for Idahoans with disabilities.

The workshops are intended to educate the public on current legislative issues and changes to services for individuals with disabilities.

Workshops on the following topics:

- Medicaid Redesign
- Managed Care for Behavioral Health and Substance Abuse
- Managed Care for Individuals Receiving Both Medicaid and Medicare
- Children's Medicaid Developmental Disability Services (Children's Redesign)
- Dental Services on the Medicaid Enhanced Plan
- Advocacy
