

## Welcome New Council Staff Debbie Daniels

The Council is pleased to announce that Debbie Daniels is joining the Council as our Management Assistant on February 18, 2014. Debbie will be responsible for developing and monitoring the Council budget, creating educational opportunities for staff and Council

members, web-site development and maintenance, and assisting staff with various work activities.

Debbie was born and raised in Wyoming and has lived in Idaho for 18 years. She joined the Department of Health and Welfare in 1996 in the Division of Medicaid and has continued working for the State at several agencies since then. She is a 2006 graduate of the Certified Public Manager Program and served two terms on the Board of Directors for the Society of Certified Public Managers. She plans to complete her 200 hour yoga teacher certification within the next three months. When asked about joining the Council she shared this, "I am honored to be able to be in a space everyday where what I do makes a difference in someone's life."

Please join us in welcoming Debbie to the Council. We are excited to have her experience with Idaho state agencies, her can-do attitude, and enthusiasm to serve the citizens of Idaho. We look forward to the positive contributions she will bring the Council.
