

Employment Survey

The Idaho Employment First Consortium is looking for information from people with disabilities about their experiences in finding and keeping employment and using employment services. If you have a disability and have looked for work, had a job, and used support to be successful, please help us out by answering these questions:

1. Has it been hard for you to find or keep a job? Can you tell us why?

2. Are there things that stop you from working? What are those things?

3. What kinds of support do you need, or have you used, to find and keep a job?
