Chart of Question 1

Please indicate which of the following Council publications you are familiar with (check all that apply):

Question 2

Which of those publications were the most helpful to you?

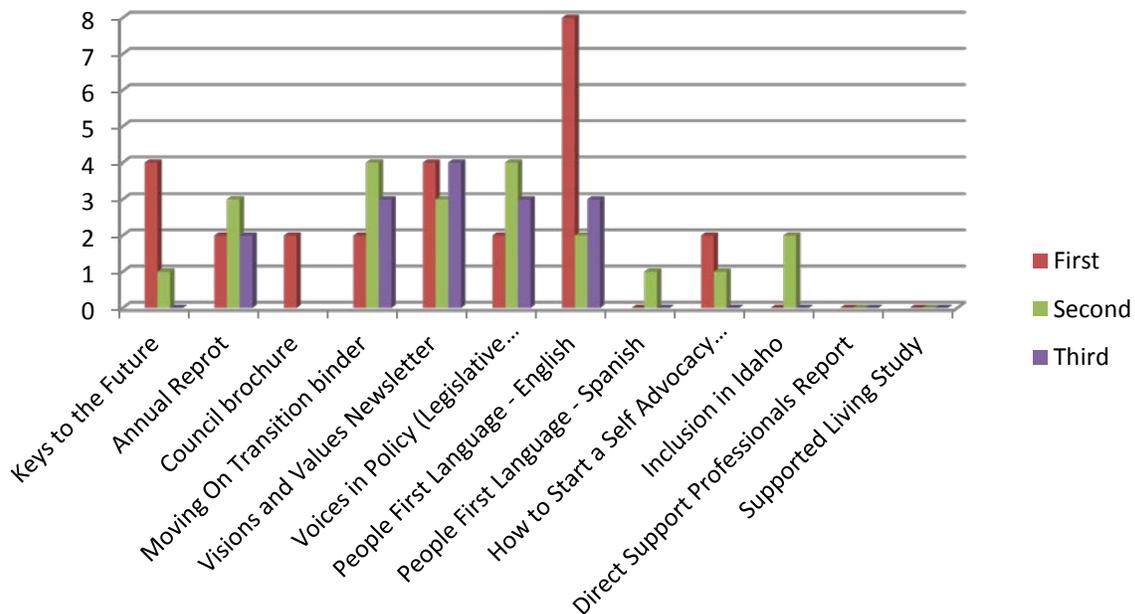

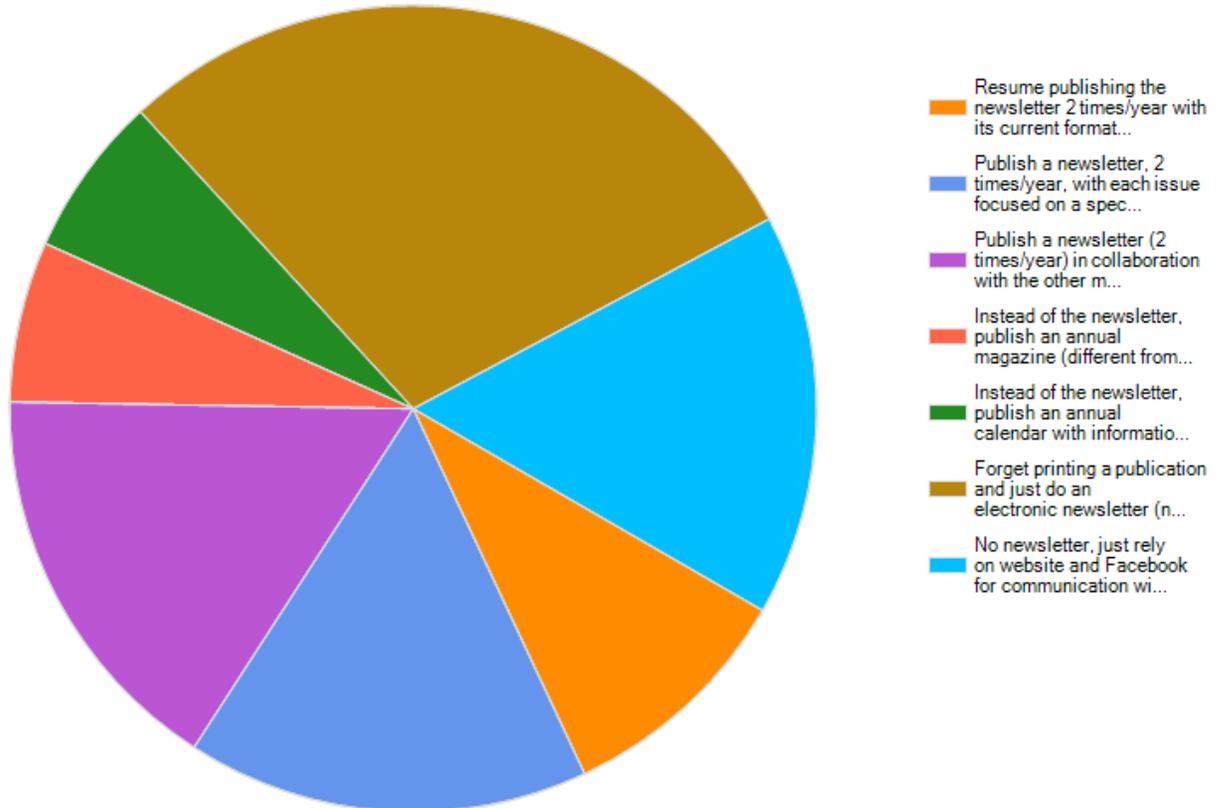

Chart of Question 5

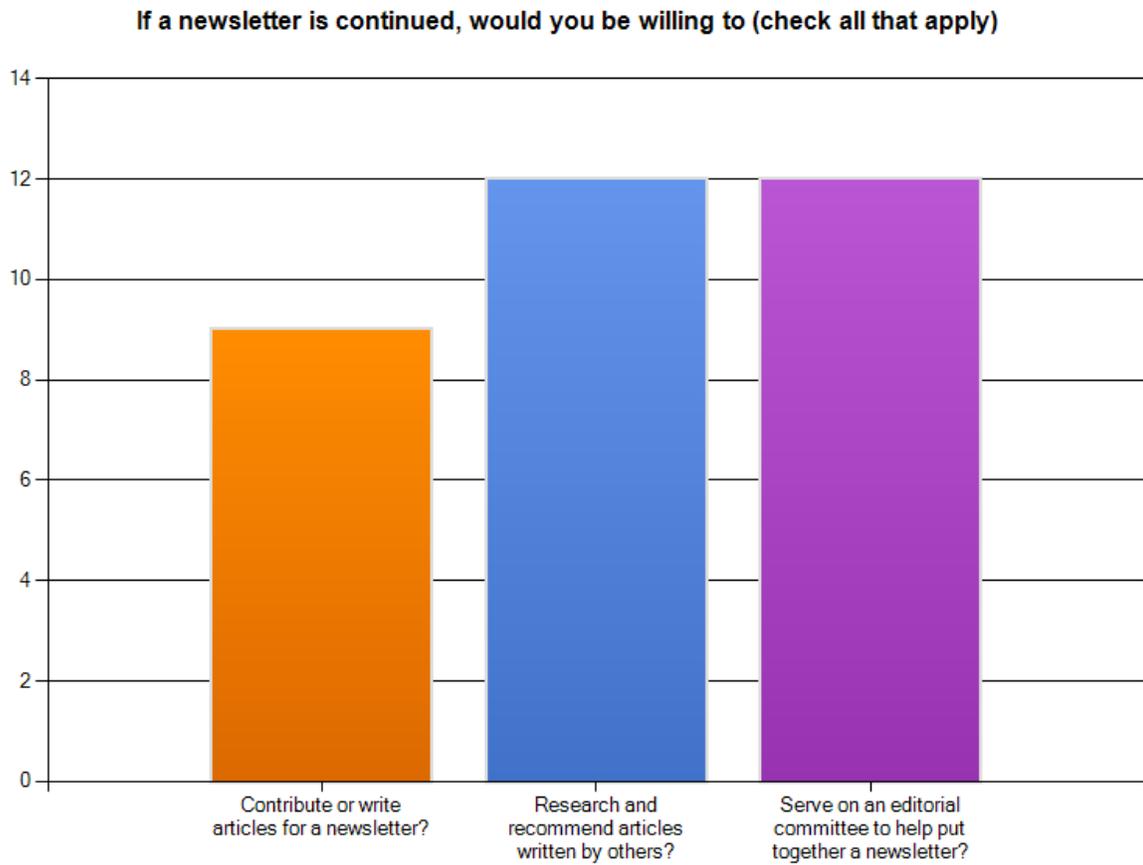

The Council newsletter, *Visions and Values*, has not been published in the last year. We are evaluating whether to continue publishing it in its current format (2x/year laid out in a format that can be printed if needed) or whether to use a different format. What would you like to see us do?

Responses

1. Allow us to print out the report but email or post on Facebook
2. Set the newsletter us as a link and send that rather than a hefty electronic document that will clog everyone's email
3. Please consider publishing the material in Spanish

Chart of Question 8

OK, now we have talked about formats, but what about issues. What issues or topics would you like to know more about? (Check all that apply)

Responses:

1. I want to get more skills to help others cause I get a lot of questions in the community.
2. I want to know the latest on all of these areas including those not checked especially changes in legislative rules or proposed
3. Family-centered practices

Question 9

This year, the Council added a section to its website called Frequently Asked Questions. Are there issues that you would like to have us try to include in this section? Details, please

1. Budgets for children and adults
2. I will not use Facebook, only gmail after getting a virus
3. No
4. Children's redesign information, adults services, respite – how do I get someone; what is the difference between intervention and supports
5. Not sure at this time
6. The legal changes explained in early to use/understand format
7. How do we get employers of the fear of hiring people with disabilities?
8. Medicaid issues; transitioning; self advocacy
