Step Two:

Download and Install the Zoom App.
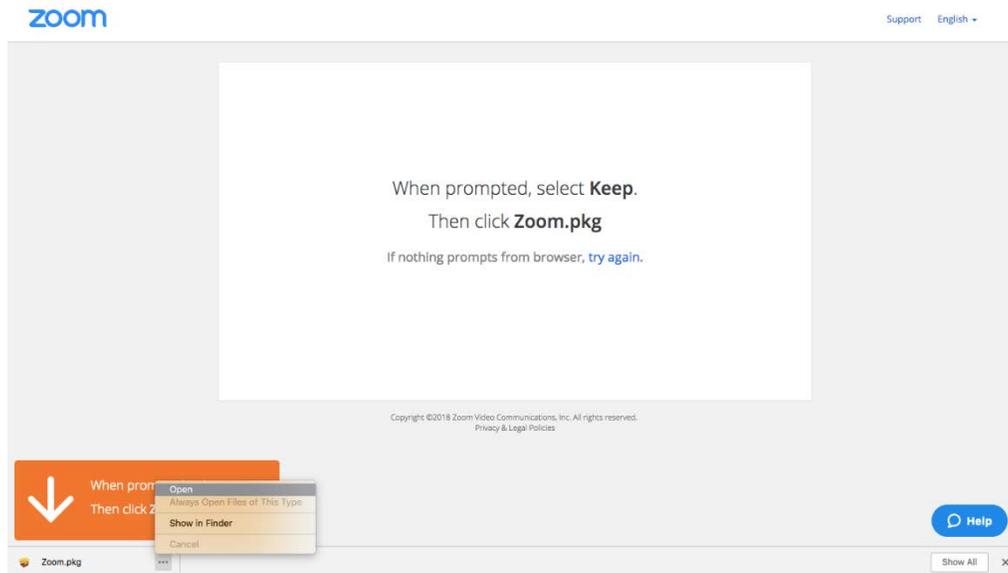

Once installed the meeting will launch automatically. You will be admitted to the meeting once the host starts the meeting.
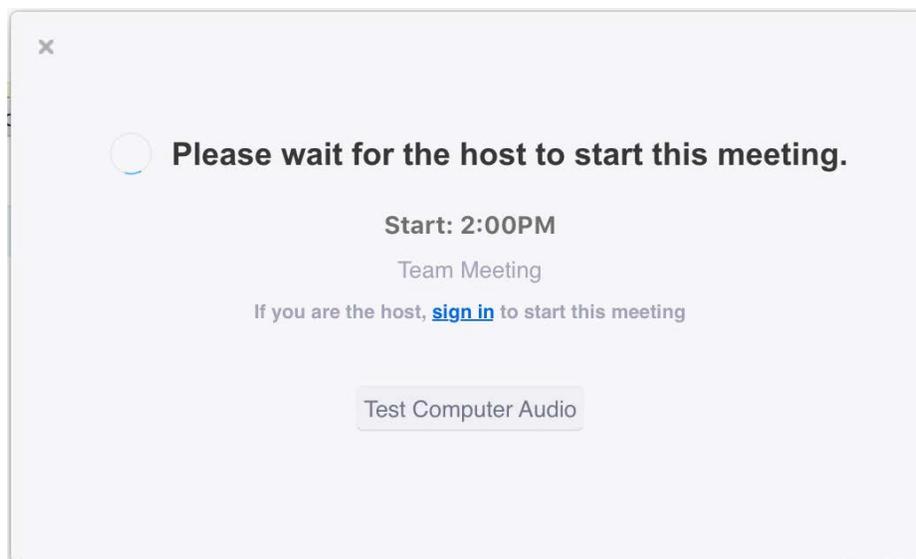

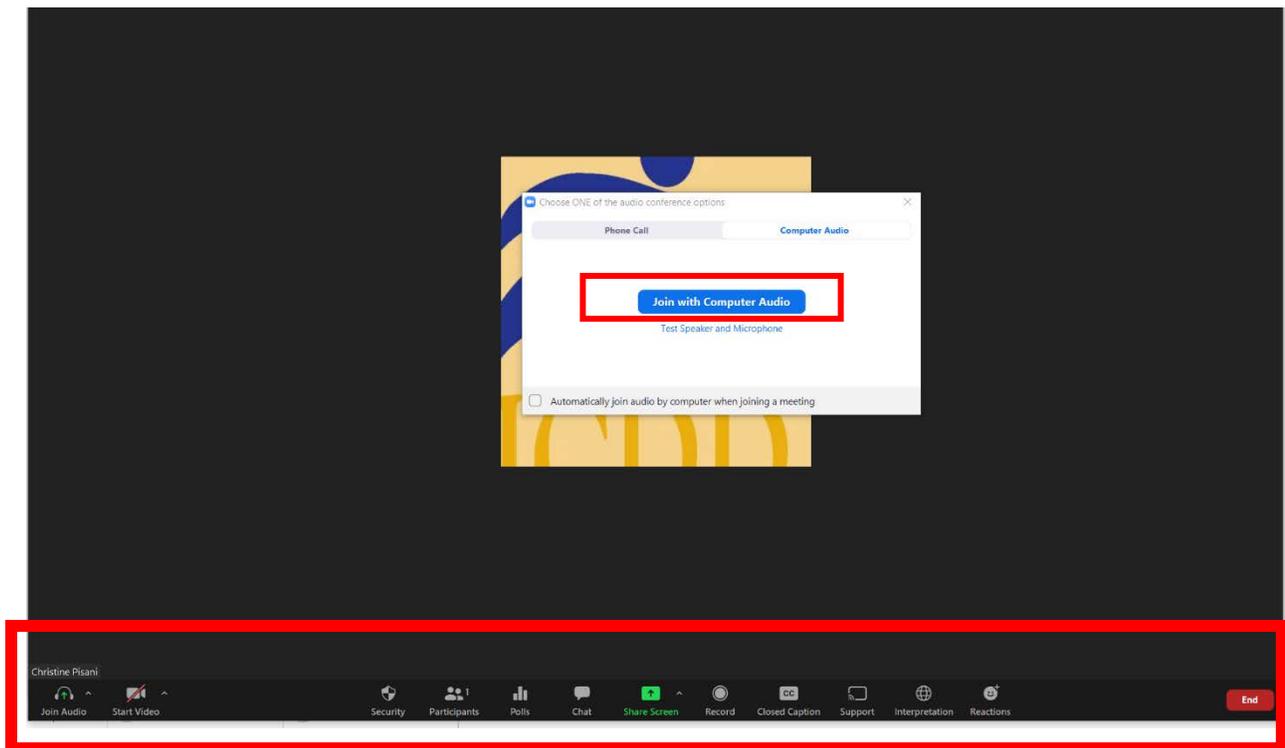

Choosing a language option

Once in the meeting you will need to select the language you would like to hear. **You will need to have joined audio with your computer. If you choose to dial in, using your phone you will not have an option to select a language.**
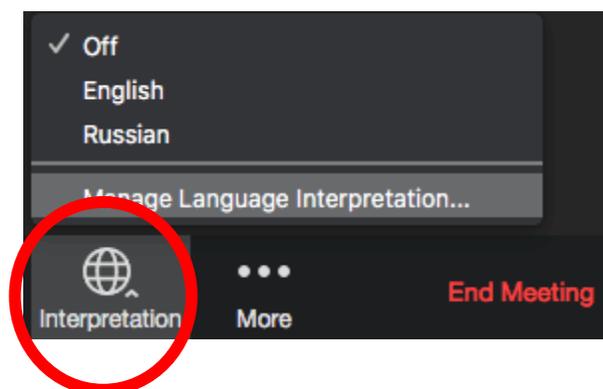

Step One:

Go to the control panel at the bottom of the screen.

Step Two:

Find the interpretation button (looks like a world) and click on it.

Step Three:

Click on the language that you would like to hear.

If using your smartphone app, the controls may look different. **You will need to choose "Call using Internet Audio" to have the option to select a language.**
